## STEAMERS *texi*®

smooth creases, refresh textiles

### FULL STEAM. POWER CONTROL. TOP DESIGN.

- unprecedented efficiency, maximum power 1 700 W
- unique, 9-level steam intensity control with the use of remote control (450 W – 1 700 W)
- housing and steam brush made of impact resistant plastic
- convenient water tank filling
- special attachment for brushing or crease ironing
- you can use tap water, but during intense use softened water will extend service-free operation

9-level adjustable evaporation intensity with the use of remote control built-in the brush handle
