

## QUILTER'S DELIGHT MK-2

## The original quilting table for you and your machine

The Quilter's Delight MK-2, although the original cabinet of this design, is now the smaller sister of the Super Q & Super Q MK-2. It is still fitted with the Maxi opening (1942) so is able to accommodate some of the largest sewing machines, but in an overall smaller space.

The Quilter's Delight sits on heavy-duty castors for easy mobility and increased stability, and features 3 collapsible leaves which, once opened, give the support all around the user for even the largest projects.

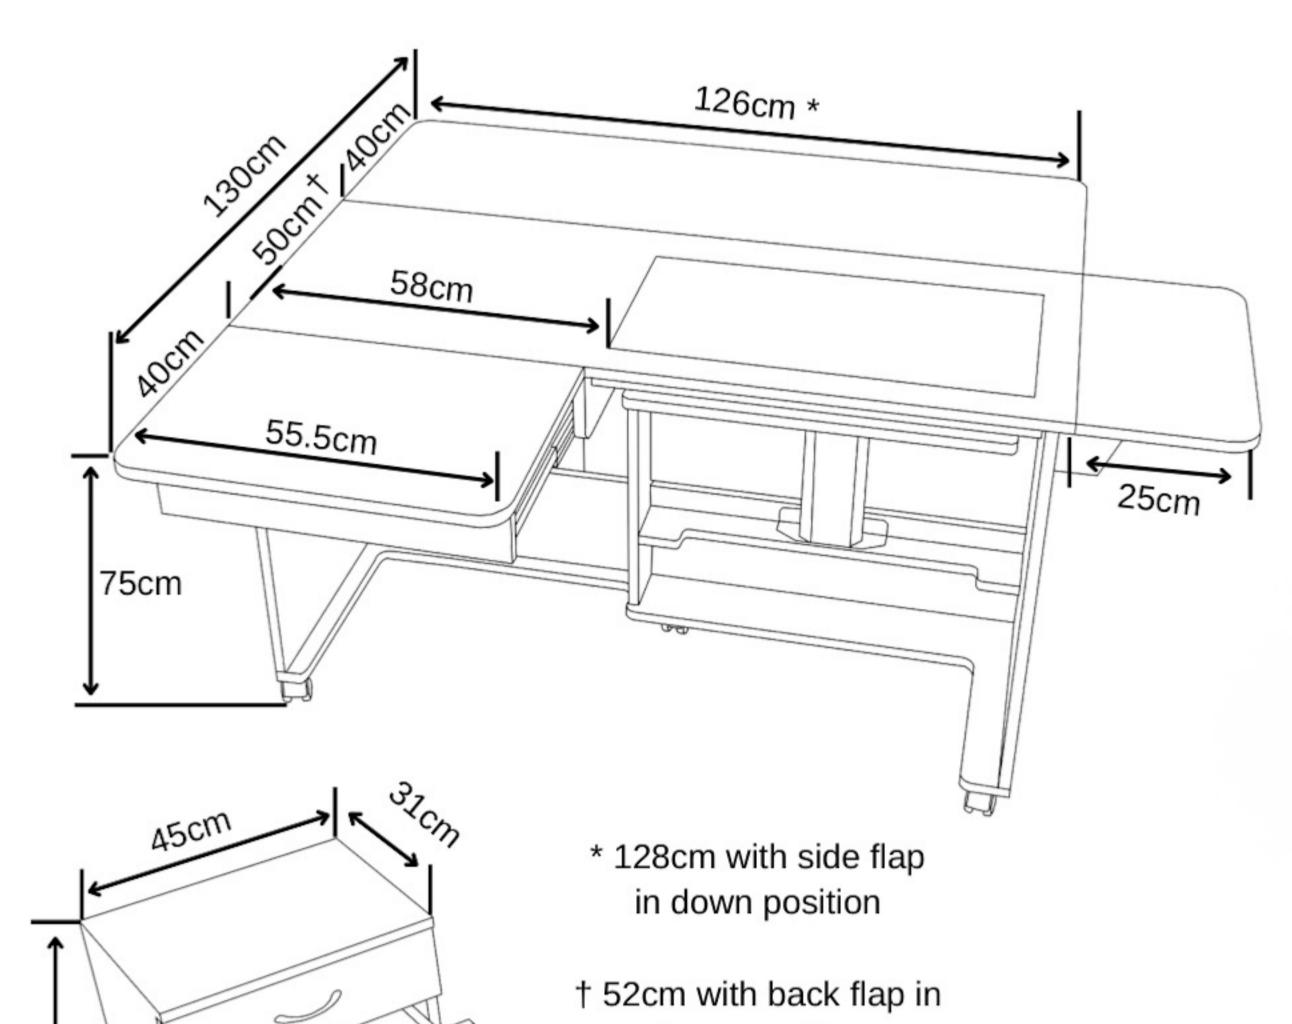

It's a great unit for those with a smaller area to fill and is easier on the pocket.

Gives a large, flat area to cut out or piece on when the machine is stored

Delivered fully assembled

information

The table is just as described – a quilters delight! HORN CUSTOMER

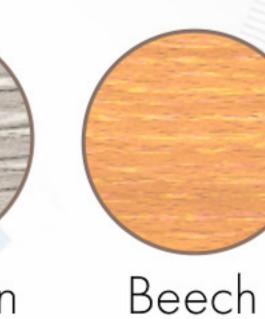

Fully Closed W 128cm (50 ½" - with side flap in down position) D 52cm (20 ½" - including drop leaf flap down) H 75cm (29 ½")
