## SEWER'S VISION

Did someone say worksurface? The Horn's Sewer's Vision height adjustable sewing table is a 2-in-1 sewing and cutting workstation, perfect for even the largest projects in your growing sewing studio.

The Sewer's Vision features a 2-step manual lift for free arm and flat bed sewing, and an unbelievable 64" x 36" of crafting worksurface to keep any of your projects from falling to the floor.

Set your perfect working height simply with just the turn of a handle and effortlessly fold the worksurface vertically for easy storage when not it use.

This table can be operated both in a standing position, which is becoming increasingly popular, or it can be easily adjusted to a sitting position.

## Delivered fully assembled

## Unrivalled legroom!

- 2-step manual lift mechanism allows you to work at both free arm and flat bed sewing positions.
- Fitted with our Maxi inset opening (size 1952), which allows a totally flush sewing surface. Wonderful!
- Able to accommodate virtually all sewing machines on the market.
- Expansive work surface keeps large projects from pulling or laying on floor.
- Transition from sitting to standing with just the turn of a handle, moving the table from just 72cm all the way up to a mighty 102cm high.
- An acrylic flatbed inset plate is supplied with this model, cut to fit your specific sewing machine.
- Tabletop flips on its side with the pull of a lever, allowing the table to be stored away or used as a design wall.
- Tough, knock resistant ABS edging surrounds the 1" thick table top for increased durability and rounded corners to prevent snagging of material, or injuries.
- Mobile on 4 large, lockable, semiindustrial castors.
